

City of Montreal attempt to close down LaSalle Royal Canadian Legion Branch 212

The city of Montreal is attempting to close down our beloved LaSalle Royal Canadian Legion Branch 212 due to back taxes.

Our Legion serves in keeping the memory of those who have made the greatest sacrifice to our country and providing the necessary aid to our vets.

It is a staple in the LaSalle community and cherished by the people.

Over the years the legion has become a second home to many and allows for a place to gather , share stories and a laugh.

Most importantly it allows us to continue to support our veterans.

It is disheartening that we are now facing our Legion being closed down by the city.

The closure will be devastating to the community and all members and non-members who go. Sadly the city has giving us until November 4th the day of our Remembrance Day ceremonies to pay the back taxes or be closed down.

Please help us keep LaSalle Royal Canadian Legion so we can continue supporting our vets and providing a place for our seniors to come.

Thank you.
